About us

Intellicare Furniture manufactures a complete line of casegoods and seating specifically designed for use in healthcare environments.

Our History

Beginning in 1999, Intellicare began producing a flexible office casegood line with a lifetime warranty called Intelligent Office Furniture. 10 years later, and having grown every year since, the demand for a range of healthcare products became overwhelming.

Having already customized thousands of products to suit healthcare related environments at dealers' request, a new division of IOF was soon molded and unveiled.

Our Present

In the short time since then, Intellicare has established itself as a leading name in healthcare furniture across North America. Our product line features all Canadian made furniture that's stylish, completely customizable and at a price point that will amaze you.

About our Product's Construction

- All sides and backs are 1" (2.5cm) thick high density particle board thermally fused with ultra low emission melamine creating a strong skeleton.
- Cabinets are fastened with 3/4" (1.9cm) steel screws and 1" (2.5cm) heavy gauge steel brackets. This method of construction is the most durable and long lasting
- All units are edged on all exposed sides with 3mm low emission PVC impact resistant edging
- All cabinets are fitted as standard with four adjustable steel levelling glides in black, threaded into a steel t-nut with a maximum height of 1.25" (3.17cm)
- Spillproof tops and Drawer faces (Optional)
- Intelligent design features like Accident Prevention Safety Slides
- 20 standard finishes, Dozens of style options and accessories
- Components can be modified for size and shape
- Complete custom units are also available
- Intellicare has been producing office and healthcare casegoods for over 15 years with a staff of 80 employees and an install base throughout North America

Environmental

Intellicare's entire line of casegoods has been rated SCS Gold Certification by an independent tester and can contribute to LEED points. Check with your representative for more details.

Warranty

Our products' long term performance is so reliable, we offer a limited lifetime warranty on all materials and workmanship. No other manufacturer stands behind their product like Intellicare.

How To Use This Reference Guide

This guide should be used in conjunction with the Intellicare Healthcare Interiors Brochure.

All products featured in the Interiors Brochure have been specified in this guide and include product codes and manufacturer's list pricing. Please contact an authorized Intellicare reseller for a formal discount and customized quotation.

Pricing shown may not include services like shipping, installation and design.

DINING FURNITURE METAL FRAME CHAIR

A wood frame chair helps provide your space a feeling of warmth. When an application requires the strength and long term durability of a metal frame, but the interior suits the look of wood, chose a steel or aluminum frame chair. Ultra durable and upholstered in your choice of fabric or vinyl.

CUSTOM SEATING

Custom frame chairs and a unique combination of fabric make a great looking interior feel even more stylish and welcoming.

MEDICAL OFFICE CABINETS & SPECIALTY SURFACES

Using customized modular cabinetry gives users the ultimate flexibility to create their ideal workspace without lengthy production times and intrusive installations. Design an area suited to any application including Diagnostic, Examination and Treatment.

Due to the highly customized nature of these items, please contact your local distributor for specifications and pricing

SEATING

All Height Adjustable Stools and Metal Frame Patient Chairs available with:

- Optional Arms, Backrest and Foot Rest
- Made from super tough plastic or upholstered in easy to clean vinyl
- Available in dozens of colour options

CABINETS

Cabinets are modular and ship fully assembled for quick and easy installation. Items can be ordered in any size and shape to suit any room or application. Units can also be wall mounted or floor supported

SURFACES

Today's healthcare environments require surfaces that meet their heavy everyday usage. The most widely accepted surface material is a solid surface.

Non Porous, Extremely Durable and Anti Bacterial, it's ideal for use in offices, labs, exam rooms and common areas.

FEATURES

- Ships Fully Assembled
- Quick and Easy Installation
- Completely Customizable
- 18 Standard Colours and Hardware
- Manual, Digital and RFID Lock Options
- Backed by Intellicare Lifetime Warranty

CREATE A UNIQUE CUSTOM INTERIOR

Intellicare is proud to offer the highest level of customization of any casegood manufacturer in the industry. Designers and architects can see their designs come to life using our team of CAD professionals to 3D model your space before it goes into production.

Due to the highly customized nature of these items, please contact your local distributor for specifications and pricing

CUSTOM SHAPE

Intellicare's casegoods are all made in-house, by our expert team of craftspeople. Our unique production model makes it easy to accommodate customized shapes and cutouts. Create a one of a kind, stand out aesthetic and our in house CAD engineers will produce a Computer Assisted Drawing for you to visualize your creation.

CUSTOM FEATURES

The needs of each environment are different just as the needs of each patient and resident. Consult your authorized sales person, manufacturer's agent or Intellicare customer service representative to help choose the features and products that are right for you and your needs.

CUSTOM SIZES

When space is an issue, a few inches can make a big difference. In many new builds and renovations, not all rooms are equal. Custom sized items and precise cutouts are two examples of Intellicare's unique ability to provide users a blank canvas with which to design their ideal interior.
