

INTELLICARE FURNITURE

2023 LOOK BOOK

Intellicare

FURNITURE

Introduction

Intellicare Furniture has been producing the most durable and versatile furniture available for the healthcare sector since our factory opened in 2000. Since then we have become one of the most trusted names in the industry to healthcare providers, designers, and distributors across North America. All our products are specifically designed for use in long term care and acute care facilities, as well as nursing, assisted living, and seniors homes. Fabricated using commercial grade materials, our casegood and seating lines are built to handle the rigors of everyday use in healthcare interiors of all kinds while enhancing any space with a warm, welcoming aesthetic.
